Over 2,000 Democratic Precinct Election Boards, 110 Democratic County Election Boards, and a solidly Democratic State Election Board, every one of the creation of Mr. Goebel's law agents—every one of the kindred vote cast at the election held in Kentucky on Tuesday, November 7th, 1900.

William S. Taylor, 1903-1911.

Taylor's Plurality, 2,384.

The Goebel Law is the most fitting monument that GOEBEL could have.

The repeal of the Goebel Law by the men who have become its beneficiaries is a wanton insult to the memory of GOEBEL.

With Kentucky elections in the hands of three men belonging to the same 'gang,' the opposition has about as much chance as a snowball in Hell.

If the Goebel Election Law is unjust now, and ought to be repealed or amended, as Mr. BLACKBURN urges, it was equally unjust when Mr. BLACKBURN was elected United States Senator by reason of its operation.

The fact that several Ward Healers of Louisville are now occupants of the Penitentiary by reason of their interference with colored voters at the last election, is a good object lesson for some of the same class of politicians in Mayville and Mason county.

These fellows will be watched at the coming election, and they will be taught a lesson that will last them a year or two.

In an address to the citizens of Kentucky the People's Party pays its respects to the present so-called Democratic in these strong words:

"On the one hand we have the Democratic party, the author and upholder of the most infamous election law ever placed upon the statute books of a state—a law, the plain purposes of which are to deliver into the keeping of spoilsmen and politicians the destinies of a great Commonwealth, even to the extent of arbitrarily overriding the plainly expressed will of the majority; a party of broken promises; a party of impotence; a party under the leadership of reckless, spoilsmen whose utter disregard of Democratic principles of government deserves the emphatic condemnation of every true Democrat; a party now fostered by those who, in 1896, mutilated and betrayed their associates into the hands of the enemy, and who today greet those whom they betrayed with a 'Judas kiss'."

NEWS IN KENTUCKY.

PREPARING FOR THE TRIAL.

W. S. Taylor and Charles Finley are Named as Witnesses Wanted at Frankfort, Ky.

Frankfort, Ky., June 28.—The defense in the cases of Henry Yount and the other defendants, whose trials on the charge of complicity in the assassination of Wm. Goebel will be called at Georgetown, July 9, have filed with Sheriff Suter a list of many witnesses who are wanted to testify in the trial. Among those for whom subpoenas have been issued at the instance of the defense are Wm. S. Taylor and ex-Secretary of State Chas. Finley, now at Indianapolis.

The issuance of this process brings up the unique question of whether a witness can be extradited and whether the defense, under the circumstances, would be entitled to a continuance on account of their absence.

Should a continuance be demanded on that ground. All of the witnesses who testified at the application of W. H. Cullen, another of the suspects, for bail recently were recognized and put under bond to appear as witnesses at Georgetown in July, but Sheriff Suter has so far been unable to serve subpoena on several of the most important among them.

CAPT. POWERS RELEASED.

County Judge Cornett, at Harlan, Ky., Denies the Parole.

Issued By Taylor.

Harlan, C. H. Ky., June 28.—Capt. John Powers, of Harlanville, Ky., who was arrested here on the charge of complicity in the murder of Wm. Goebel, was released. His attorneys constituted habeas corpus proceedings, and after a hearing before County Judge Cornett, Powers produced a pardon signed by W. S. Taylor on March 4, 1901, offering it as a bar to arrest and prosecution. Judge Cornett honored the pardon and Powers was ordered released from custody.

This is the second time Powers has been arrested on the same charge and released on Taylor's pardon in the main counties of Kentucky, the former trial taking place in Knox county.

Capt. Powers is a brother of Secretary of State Chas. Powers, who is now being held in jail at Georgetown on the same charge.

Cora Van Tassel Arrested.

Lexington, Ky., June 28.—A woman recognized by a local detective as Cora Van Tassel, a reputedly celebrated figure in the south for 13 years, was arrested here on a charge of being drunk. She registered as Nellie Campbell and claimed to be a bar to arrest and prosecution. Judge Cornett honored the pardon and Powers was ordered released from custody.

SEYMOUR SAVED. SWEEP BY STORMS. FRESH FIGHTING.

The Relief Force Have at Last Reached the Long Besieged Band.

NO DETAILS HAVE BEEN FURNISHED.

The Fighting at Tien-Tsin on Saturday was Severe the Chinese Making a Stubborn Resistance.

The Chinese Minister Reports That All the Foreign Ministers Left Peking Under a Clouded Report.

Che-Foo, June 28, via Shanghai, noon.—Adm. Seymour's expedition has been relieved, having failed to capture Peking. There is no word from Peking. Hsiao Col. Schellie commanding the combined forces of 10,000 men, is supposed to be proceeding to Peking. Adm. Seymour's expedition is returning to Tien-Tsin. His force has suffered greatly from lack of food.

It is estimated that from 40,000 to 60,000 Chinese troops are now before Peking. Bombers from all sections are swarming there.

London, June 28.—The composite brigade of 2,300 men who raised the investment of Tien-Tsin and pushed on to help Adm. Seymour has been relieved, but the news has not yet reached Che-Foo, the nearest wireless station. The last steamer arriving at Che-Foo from Tien-Tsin brought this message, dated Tien-Tsin, Monday, June 25.

The Russian general in command of the relief force decided in view of Saturday's heavy fighting and marching, that one day's rest for the troops was essential and that the advance should not be resumed until Sunday. Meanwhile came Adm. Seymour's telegram that his position was desperate and that he could only hold out two days. The relief started at dawn today.

Saturday's fighting began at dawn. The allies' attack was directed at several of the Terrible's 47 naval guns, six field guns and numerous machine guns, the firing being at long ranges. They continued with undiminished steadiness, the Chinese artillery replying. The guns of the allies were more skillfully handled and put the guns of the Chinese at a disadvantage. At noon, the Chinese retreating about one mile. There has been keen rivalry among the representatives of the various nations as to which would enter Tien-Tsin first, and the Americans and British went in neck and neck. The Russians started the assault, thereby sustaining the largest loss. Several thousand Japanese have left Tien-Tsin for Peking, and altogether about 2,000 men of the British, American and other troops entered the city, probably 60,000 men will be available in a month.

ANXIETY PARTLY RELIEVED.

The Chinese Minister Officially Denies the Report of the Departure of the Ministers From Peking.

Washington, June 28.—The Chinese minister's report that the legation officers from Peking greatly relieved the officials here, who took it as the first tangible evidence that the Imperial Chinese government had a full realization of the enormity of permitting the ministers to come to personal harm and were determined to observe the amenities of international exchange.

The keenest interest is shown by the officials to learn the conditions under which the ministers left Peking. Minister Wu's dispatch was obviously silent on the point, and though the minister himself maintains almost absolutely his confidence in the non-existence of a state of siege, it is admitted that it will be difficult to accept his conclusion if it is true that the Peking government itself has sent the ministers away with their passports, or, what may come to the same thing, with a guard as safety conduct.

Sent Away for Safety.

Paris, June 28.—French Minister of Marine M. de Lanesman has received a telegram from Capt. Byrd, director of the French arsenal at Foo Chow, saying that he has sent to Hong-Kong all the women and children connected with the French mission at the arsenal.

Perry's Health Will Not Resist.

New York, June 28.—Fletcher Heath, president of the Seventh National Board and brother of First Assistant Postmaster General Perry S. Heath, denied the report that the latter had any intention of resigning his position in Washington. "My brother was in New York Monday," said Fletcher Heath, "and talked freely about his official affairs, and he initiated nothing that would lead to the publication of the story that he is at variance with the administration."

The Boer outposts northeast of Pretoria are busy. The telegraph wires between Standerton and Newcastle were cut Sunday, and Sir Roderick Buller had to report by helicopter.

Commandant De Wet, with 3,000 men and three guns, is moving northeast in the Orange River colony. It is understood that he and Commandant Botha entered into a compact that neither would surrender so long as the other was in the field.

Twelve thousand rifles, all told, have been surrendered to the British. President Kruger is still at Mafeking.

THOUGHT AN UNWISE MOVE.

St. Louis Manufacturers Not in Favor of Shutting Down Production to Aid the Boycott.

St. Louis, June 28.—It was reported that those were making to induce St. Louis manufacturing firms to close their establishments and suspend operations until the boycott on the St. Louis fair was declared off. It was said that a representative manufacturer, who had been approached by a committee of citizens and asked to make a canvass of the manufacturers of the city for the purpose of ascertaining whether or not the suggestion met with their favor, declined to make the canvass, stating that, instead of improving the situation, he thought it would be made much more worse by a general shutdown, which would not only cut off great loss on the manufacturers, but would, in addition, impose untold hardships on laboring people generally and would completely paralyze the industries of St. Louis.

Some of the leading manufacturers admitted that they had heard of a suggestion and had given it serious consideration, and all agreed that such a step would be unwise.

The Philippines, together with making formal acknowledgment of American sovereignty. This oath is much stronger and more binding than the oath which Gen. Otis administered, and was consequently distasteful to the Filipinos, who accepted it with bad grace, fully realizing the results of any violation. Senator Buenavista took the oath Monday. It is hoped that the sparing of the nine leaders will influence their men to take advantage of the amnesty which has thus far been without results other than those mentioned.

A convention innovation, the reading of the declaration of independence from the platform, will be introduced at the first session on July 4, and, according to the present program, the music and decorations of that day will be selected with a particular idea of commemorating the national holiday.

FIRING WAS HEARD.

Unmistakable Information From the Columns Going to the Relief of Comanche.

London, June 28.—The colonial office has received a telegram from Col. Willcocks, dated Trahana, Ashanti June 28, as follows: "Major Wilkinson reached Bekwai on June 13. In response to my telegram to the governor of the Gold Coast Sir Frederic Mitchell Hodgson, at Comacoe, the latter writes June 18, saying he will hold out to June 20. This letter, received by Capt. Hall at Kumbungu, was forwarded to Wilkinson at Bekwai at midnight. June 21 Wilkinson proceeded immediately to Faemela, arriving there at dawn June 22, after marching through torrents of rain.

"Lieut. Burroughs, with about 500 natives, is going north as fast as the flooded rivers permit.

"Capt. Hall reports having heard firing by a seven-pounder on the night of June 18—five shots and then no more. He reported that two guns to the signal, and then he heard continued firing."

In view of this information, a fear is expressed in London that Sir Frederic Hodgson may not have been able to hold out after June 20, and that the engagement which Capt. Hall heard on the night of June 18 may have been attended with serious consequences on the part of the governor.

LOUIS, P. I., May 17, 1900.

A letter from you dated March 24th arrived yesterday. I am sorry that you do not receive one from the other.

For I know how anxious you are, but just think when a letter is 43 days on the way that there is quite a distance gone over and the only wonder is that more are not lost; so please don't forget, mother dear, that while you are reading this one that there are several more on the way to the Pacific traveling just as fast as Uncle Sam's little steamers can carry them to the states.

As to our present duties, I will say the rainy season is commencing and we are liable to have little scraps with the Ladrones at any time.

Our detachment was relieved from Seaman by Lieutenant, who was with Sergeant McDonald and Lloyd and their sections, now have duty there. A message from (Luaga) sent here yesterday, that kind of a message was lacking near. Lieutenant took a squad and went out the road toward Gagua. I with a squad went out across some rice fields. I started out at about 3 p. m. with a squad after a name about a little band of the Ladrones. I captured 4 of them, with 3 horses and 1 boat. It was raining hard, so we then came back. We still have the prisoners in the Ladrone. Lieutenant did not find any.

The Ladrones are not apt to be found on the road. They skulk in the swamps and bushes.

We were issued cork helmets a few days ago. They look something like a policeman's cap.

I had to protect the back of the neck from the sun, as that is where we seem to be most affected by the intense rays. Then they will also serve as shade during the rains and prevent small rivers from showing down our spies.

You hope your next letter will contain something definite about the deplorable state of affairs in Kentucky.

Don't forget the

With much love, I am as ever, your devoted soldier boy.

POWERS OF THE BOARD.

How the Triumvirate Can Dictate Elections in Kentucky.

Lexington Evening Post.

Judge Lewis and other Goebelites are telling the people that the Goebel Law and the State Election Commission have nothing to do with the contests for Governor and Lieutenant-Governor.

In part this statement is true, but it should be remembered that every member of our Legislature, before which these contests come, is dependent upon the Goebelite County Election Commissioners for their certificate of election, and we recall a number of instances in which trickery in legislative races was resorted to by these officers.

The County Commissioners are mere creatures of the triumvirate at Frankfort, and as South Trimble puts it, are often "expected to do things no honorable man would do."

They are removed at will if they refuse to obey orders, and it is an easy matter for the State Board to appoint only its men for these offices, and when the majority of the Legislature is in doubt it is in their power to have the credentials issued as desired.

With a majority thus secured, the Triumvirate can only dictate as to their own successors, but can in reality decide who is to be Governor and Lieutenant-Governor.

The State Board at Frankfort cannot only decide the governorship and Lieutenant-Governorship, but it can, by

Mr. W. S. Whelan, Cashier of the First National Bank of Waterloo, Iowa, in a recent letter gives some experience with a carpenter in his shop.

He says that he has never seen a man who will do a day's work for no money. "I had a carpenter working for me who was supposed to make a door for me. He was paid for several days on account of being troubled with diarrhea. I sent him to his father's house and he came back with a letter saying that he had been cured and would be back in a few days. He never came back and I never saw him again."

RULE OF THE RING!

POWERS OF THE BOARD.

Judge Lewis and other Goebelites are telling the people that the Goebel Law and the State Election Commission have nothing to do with the contests for Governor and Lieutenant-Governor.

In part this statement is true, but it should be remembered that every member of our Legislature, before which these contests come, is dependent upon the Goebelite County Election Commissioners for their certificate of election, and we recall a number of instances in which trickery in legislative races was resorted to by these officers.

They are removed at will if they refuse to obey orders, and it is an easy matter for the State Board to appoint only its men for these offices, and when the majority of the Legislature is in doubt it is in their power to have the credentials issued as desired.

With a majority thus secured, the Triumvirate can only dictate as to their own successors, but can in reality decide who is to be Governor and Lieutenant-Governor.

The State Board at Frankfort cannot only decide the governorship and Lieutenant-Governorship, but it can, by

Mrs. Thomas, colored, has been granted a divorce from Gerlie Thomas.

Mr. W. S. Whelan, Cashier of the First National Bank of Waterloo, Iowa, in a recent letter gives some experience with a carpenter in his shop.

He says that he has never seen a man who will do a day's work for no money. "I had a carpenter working for me who was supposed to make a door for me. He was paid for several days on account of being troubled with diarrhea. I sent him to his father's house and he came back with a letter saying that he had been cured and would be back in a few days. He never came back and I never saw him again."
